At Kaiserman Company, we strive to own, operate and manage the most carbon-responsible properties possible, yielding the greatest value for our residents, while maintaining safe, comfortable, and innovative places to live and work. We aim to provide best-in-class service, attract a skilled and ambitious workforce, and serve as a model for green operations, positive tenant relations, and efficient management. We believe, as the world grows more impersonal, that there is no greater promise we can make than "When You're with Kaiserman, You're with Family."

Community Lifestyle

Enjoy being part of a genuinely friendly, accessible, multi-cultural community of singles, students, families, tradesmen, professionals and retirees. Socialize at the pool or the state-of-the-art playground, or walk your dog through the park-like grounds to our enclosed dog run. An ideal place to raise kids, Meetinghouse offers a step up to townhouses for families who have outgrown their apartments. The Upper Chichester district's school buses stop right at the covered front entrance. The attentive staff at Meetinghouse organizes fun monthly activities for all, an annual yard sale and a community garden for residents.

Luxury and Value

Generous open floor plans, well-appointed luxury kitchens with gas ranges and ample cabinet and counter space, and tiled bathrooms make Meetinghouse apartments and townhouses the home you'll love living in every day. Roomy, walk-in closets provide plenty of storage and all townhouses and most apartments feature convenient washer/dryer units. Each residence is fully upgraded before move-in and features energy efficient windows and the convenience of an on-site manager and 24/7 maintenance. There's also an informative monthly newsletter and an internet portal for online payments and maintenance requests.
